

# Scéal Oilibhéir

**Nuachtlitir 3-2-2022**

## Cumann na mBunscol

Tá gliondar croí orainn a bheith ag filleadh ar na páirceanna peile tar éis na tréimhse atá caite againn. Táimid an-bhuíoch de na múinteoirí atá sásta an traenáil agus na cluichí seo a eagrú, aithnímid an ról rithabhachtach atá ag spórt mar chuid den fholáine. Beidh cabhair ag teastáil ó thuismitheoirí/chaomhnóirí áfach maidir le hiompar. Táimid an-bhródúil as an traidisiún spóirt sa scoil agus níos sona fós go mbíonn an meon ceart againn, idir pháistí agus mhúinteoirí, maidir rannpháirtíocht agus le himirt na gcluichí. Tá fáilte speisialta rompu siúd nach bhfuil ag imirt le club. Níl ach cúpla seachtain cluichí i gceist leis seo ach má tá tú i do bhall de chlub CLG bainfidh tú tairbhe as rannpháirtíocht fad saoil. Ádh mór orthu go léir.

*We are delighted to be returning to the football fields after the period we've been through. We are very grateful to the teachers who organise the training and the games, we recognise the crucial role sport plays in children's well-being. We will however need assistance from parents/guardians with transport. We are very proud of our sporting tradition in the school and even happier that we, children and teachers, have the right attitude in regards to participation and playing games. Those who do not play with a club are especially welcome. There's only a few weeks of games involed with this but if you are a member of a GAA club you will benefit from lifelong participation. Best of luck to all.*

Dáta/Am Date / Time		Comórtas Competition	Cluiche	Áit

## Cothú agus saibhriú gach páiste, trí mheán na Gaeilge, chun barr a gcumas a bhaint amach

### Rith Urraithe | Sponsored Run

Tar éis sos na paindéime, tá sé i gceist againn an Rith Urraithe a dhéanamh arís i mbliana. Beidh sé ar siúl ar an 16 Márta ar 13:00. Beidh fáilte mhór roimh aon tuismitheoir atá sásta cabhrú leis an rith a stiúradh ar an lá.

*After a break for the pandemic, we intend doing our Sponsored Run again this year. It will be on 16 March at 13:00. Any parent who can help with stewarding the run on the day will be very welcome to help.*

### Sábháilteacht ar líne | Online Safety

Beimid ag díriú ar an tsábháilteacht ar líne an tseachtain seo chugainn agus beidh gníomhaíocht obair bhaile le déanamh don scoil ar fad ar an **Máirt 8 Feabhra, Lá Idirnáisiúnta na Sábháilteachta ar líne**. Iarrtar ort é seo a phlé le do pháiste. Is cuid dár saol anois é an idirlíon agus ó na Naionáin Shóisearacha aníos tá sábháilteacht idirlín chomh tábhachtach le sábháilteacht ar an mbóthar. Tá tuilleadh eolais agus gníomhaíochtaí ar leathanach baile na scoile ag an [nasc](#) seo. Tá siad thíos díreach faoin eolas ar Sheachtain na Gaeilge.

*We will be focussing on online safety next week and there will be a homework activity for the whole school on **Tuesday 8 February, International Internet Safety Day**. You are asked to discuss this with your child. The internet is part of our lives now and from Junior Infants up, Internet safety is as important as road safety. More information and activities are on the school homepage at this [link](#). They are directly below the information on Seachtain na Gaeilge.*

### Athrú ar an bhFéilire | Change to the calendar

Tar éis don rialtas lá saoire poiblí breise a fhógairt don 18 Márta, beidh an scoil dúnta ar an lá sin. Mar go raibh an scoil le bheith dúnta ar an 18 Márta ar aon nós, beidh an scoil dúnta freisin anois ar an Luan 16 Bealtaine. Féach an féilire uasdátaithe ag bun na nuachtlitreach seo nó ag an [nasc](#) seo

*As the government have announced an extra public holiday for 18 March, the school will be closed on that day. As the school was due to be closed on that day anyway, the school will now be closed also on Monday, 16 May. Please see updated calendar at the end of this newsletter or at this [link](#).*

### Obair ar an gcrannlann i bPáirc na Mílaoise | Work on arboretum in Millennium Park

Beidh cuid agaibh tar éis an obair i bPáirc na Mílaoise a thabhairt faoi deara. Is tionscnamh de chuid na Comhairle Chontae é seo agus tá tuilleadh eolais faoi ag an nasc thíos

<https://www.fingal.ie/arboretum-millennium-park>

*Some of you will have noticed the work in the Millennium Park. This is a County Council project and there is more information at the link above*

## Seachtain na Gaeilge

Mar chuid de Sheachtain na Gaeilge a bheidh ar siúl an mhí seo chugainn, ba bhreá liom go mbeadh tuistí críonna na scoile rannpháirteach mar a bhíodh blianta eile. Chuige sin, ba bhreá liom dá mbeadh éinne acu le Gaeilge (agus fáil acu ar an teicneolaíocht) in ann caint/agallamh ar Zoom a dhéanamh le ranganna éagsúla. Ba bhreá an rud é dá mbeadh páistí in ann cloisteáil uathu faoi laethanta scoile/shaol an pháiste in aimsir a dtuistí críonna. Má shíleann tú go bhfuil aithne agat ar aon tuismitheoir críonna (nó éinne den aois sin) le dóthain Gaeilge chun é seo a dhéanamh, déanaigí teagmháil le [priomhoide.scoil.oilibheir@gmail.com](mailto:priomhoide.scoil.oilibheir@gmail.com)

*As part of Seachtain na Gaeilge - the annual celebration of all things Irish language, which will be happening next month, I would love for the grandparents of the school to be involved as they used to be in other years. To this end, I would love it if any of our grandparents who have Irish (and access to the technology) could do a talk/interview on Zoom with various classes. It would be lovely if the children could hear from them about school days/a child's life in their grandparents' time. If you think you might know any grandparent (or anybody from that generation) with enough Irish to do it, please contact me at [priomhoide.scoil.oilibheir@gmail.com](mailto:priomhoide.scoil.oilibheir@gmail.com)*

### Imeachtaí Elle Sheachtain na Gaeilge | Other Seachtain na Gaeilge events

Tá go leor rudaí eile á bpleanáil againn. Táimid ag iarraidh cúpla cuairteoir agus aoi speisialta a dheimhniú sula ndéanaim iad a fhógairt ach beidh clár ama á fhoilsiú agam sar i bhfad. Beidh mé ag obair le Cumann na dTuismitheoirí freisin chun rudaí sóisialta a eagrú do thuistí na scoile – bígí ag cleachtadh bhur gcuid Gaeilge!

*We are planning lots of other activities. We are trying to confirm a few more visitors and special guests before we announce them but I will publish a timetable soon. I will also be working with the Parents' Association to organise some social events for the parents/guardians of the school – get practicing your Irish!*

## Cothú agus saibhriú gach páiste, trí mheán na Gaeilge, chun barr a gcumas a bhaint amach

### Cumann na dTuismitheoirí | Parents' Association

Beidh cathaoirleach nua ag teastáil don Chumann don bhliain seo chugainn. Beidh tacaíocht ar fáil ó dhaoine a bhfuil taithí acu ach tá obair na gcapall déanta ag na daoine atá ann le tamall de bhlianta anuas agus ba cheart an obair seo a roinnt. De bharr COVID, tá pobal na scoile thíos go mór leis ó thaobh rudaí sóisialta de agus ba bhreá linn borradh a chur faoin gcuid thábhachtach seo de chultúr na scoile arís. Déan teagmháil liom le do thoil dá mba mhaith leat ról gníomhach a ghlacadh i gCumann na dTuismitheoirí.

*A new chairperson will be needed for the Association for next year. There will be support available from people with experience but those who have been there for the last number of years have done Trojan work and this work should be shared. Due to COVID, the school community has missed out a lot on the social side of things and we would love to reinvigorate this important aspect of the school culture again. Please get in touch if you would like to take an active role in our Parents' Association.*

## Sacraimintí | Sacraments

### Cóineartú | Confirmation

Féach thíos na dátaí don Chóineartú i mbliana. Feicfidh tú go bhfuil an Cóineartú i bhfad níos déanaí sa bhliain ná mar a bhíonn de ghnáth. Baineann sé seo leis an Ard-deoise agus leis an bparóiste. Ar a laghad, ba chóir go mbeadh an aimsir níos deise agus bheadh súil agat go mbeidh cúrsaí COVID níos socraithe faoin am sin. Tá sé tábhachtach clárú leis an bparóiste mura bhfuil sé déanta agat cheana féin.

*Please see below dates for this year's Confirmation. You will see that the confirmation is much later than usual this year. This is to do with the Archdiocese and the Parish. At least the weather should be nicer and you would hope that the COVID situation will have stabilised by then. It is important to register with the parish if you have not yet done so*

### Searmanas an tSolais | Ceremony of Light

21.3.2022 @19:30 sa séipéal | in the Church

### Seisiúin Zoom le Tuismitheoirí leis na páistí | Zoom Sessions with Parents and Young People

19.00 – 19.30 Oíche Luain | Monday night

4.4.2022 ----- 11.4.2022 ----- 28.4.2022.

### Searmanas an Chóineartaithe | Confirmation Ceremony

2.6.2022 @11.00 sa séipéal | in the Church

### Comaoineach | Communion

Féach thíos dátaí agus sonraí faoin gCéad Chomaoineach. Tá siad seo eagraithe ag an bparóiste agus ag an Ard-Deoise agus tá sé rithabhachtach go bhfuil do pháiste cláraithe leis an bparóiste más mian leat go nglacfaidh siad leis na sacraimintí seo.

*Please see below dates and details around the First Communion. These are organised by the parish and the Archdiocese and it is essential that your child is registered with the parish if you wish for them to receive these sacraments.*

### Aifrinntí Ullmhúcháin don Chéad Chomaoineach | First Communion Preparation Weekend Masses

19:00 ar an Satharn | on Saturday 10.00 & 12.00 ar an Domhnach | on Sunday

5/6 Feabhra | Feabhra – Aifrinntí Ionrollaithe | Enrolment Masses

19/20 Feabhra | February

26/27 Márta | March

9/10 Aibreán | April

30 Aibreán | April /1 Bealtaine | May

### Chéad Fhaoistin (go sealadach) | First Confession (provisionally)

22 Márta | March

### Chéad Chomaoineach | First Holy Communion

28 Bealtaine | May Satharn | Saturday 11.00

### Tuáille Láimhe | Hand Towels

Géarghá le smaoineamh ar an tuáille láimhe a chur isteach le do pháiste!

*Essential to remember to send a hand towel in with your child!*

## Isolation quick guide for parents and guardians of children older than 3 months and up to 13 years of age

V4.3 27.01.2022

### Signs of COVID-19 disease

- fever of 38.0°C or higher without another medical reason (such as chickenpox or a urine infection) OR
- new cough or difficulty breathing or worsening of an existing breathing problem OR
- loss of sense of smell, change in sense of taste, or loss of sense of taste (if your child is able to say this) OR
- other minor breathing or chest problems in a child who has been in contact with an ill person, is part of an outbreak or is a contact of someone who has COVID-19
- Other symptoms associated with COVID-19 include fatigue, nasal congestion, conjunctivitis, sore throat, headache, muscle/joint pain, skin rash, nausea or vomiting, diarrhoea, chills or dizziness.

Symptoms may present differently in different age groups and with different variants of the virus. Some symptoms may also be confused with common cold, hayfever or flu. If you have any new acute symptoms suggestive of COVID-19, self-isolate and contact your GP. However, if you or your child's symptoms are very mild then stay at home, reassess after 48 hours and contact your GP for advice.

**Self-isolation** – (stay in your room). Self-isolation means staying indoors and completely avoiding contact with other people. This includes other people who live in the same house as your child, as much as possible. Self-isolation is for children who have had a test that shows they have COVID-19 and also for children who have some symptoms of COVID-19, but are still waiting for a test or test result.

**Restricting movement** – (stay at home). Restricting movement means avoiding contact with other people as much as possible. This includes not going to school, crèche or social activities. Restricting movement is for people who do not have signs of COVID-19 but who may be at higher risk of getting COVID-19 because they were exposed to a particular risk.

Please see [gov.ie](https://www.gov.ie) for the most up to date information regarding travel advice.

	Situation	Actions
1	Positive COVID-19 test (PCR or antigen test)	<ul style="list-style-type: none"> <li>• <b>All confirmed cases should self-isolate for 7 full days</b> from date of onset of symptoms or if asymptomatic, from the date of a positive test result (either antigen test or PCR test). <b>On receipt of a positive test result, no further testing is required.</b></li> <li>• Any individual with a positive antigen test should regard it as confirmed COVID-19 and register it with the HSE. <b>A confirmatory PCR test is not required.</b></li> <li>• Children aged 9-12 years old should wear a well fitted mask as much as is reasonably practical during the 10-day period. A medical grade mask (surgical mask) is preferable, if it fits the child well; otherwise a well-fitting cloth mask can be worn.</li> <li>• <b>Children can exit self-isolation after 7 full days and return to childcare and educational settings, once symptoms have substantially or fully resolved for the final 2 days (48 hours) of the self-isolation period.</b></li> <li>• On exiting self-isolation after 7 full days, cases should be advised to follow health protective measures, specifically during day 8, day 9 and day 10: <ul style="list-style-type: none"> <li>○ limit close contact with other people outside their household, especially in crowded, enclosed or poorly ventilated spaces (<b>excluding childcare and educational settings</b>)</li> <li>○ follow all public health protective measures.</li> </ul> </li> </ul>

2	A child with symptoms suggestive of COVID-19 who is <b>NOT</b> a close contact of someone with COVID-19.	<p>Your child needs to self-isolate and be tested (the type of test will vary depending on age).</p> <p><b>If a child aged less than 3 months is symptomatic, contact your GP for advice.</b></p> <p><b>For symptomatic children aged 0-3 years and those who are medically vulnerable:</b></p> <ul style="list-style-type: none"> <li>• <a href="#">Self-isolate</a> and <b>book an PCR test</b> regardless of whether your child has had prior COVID-19 infection within the last 3 months. If the test is 'not detected' they can exit self-isolation once they are 48hrs symptom free.</li> <li>• Symptomatic children with an underlying condition which puts them at higher risk of severe disease or anyone who has a clinical concern will be advised to contact their GP so that they can be prioritised for PCR testing if appropriate.</li> </ul> <p><b>For symptomatic children aged 4-12 years (less than 13 years old)</b></p> <ul style="list-style-type: none"> <li>• Immediately self-isolate and undertake regular antigen tests. The first antigen test should be performed as soon as possible and two further antigen tests should be done at 24-hour intervals from the first one. A minimum of three antigen tests is recommended.</li> <li>• Any individual with a positive antigen test should regard it as confirmed COVID-19 and register it with the HSE. <b>A confirmatory PCR test is not required.</b></li> <li>• Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical. Although a medical grade mask (surgical mask) is preferable, a well-fitting cloth mask can be worn.</li> <li>• It is important that the symptomatic child continues to self-isolate where possible until all three antigen tests have been performed and those with repeated 'not detected' antigen tests should also continue to self-isolate until 48 hours after their symptoms have resolved.</li> <li>• Symptomatic individuals with an underlying condition which puts them at higher risk of severe disease or anyone who has a clinical concern will be advised to contact their GP so that they can be prioritised for PCR testing if appropriate.</li> </ul>
3	A child with signs of COVID-19 disease waiting for a COVID19 test result.	Your child needs to self-isolate, including from other people in the house if possible, while waiting for the COVID-19 test result
4	A child with symptoms of COVID-19 disease who is <b>NOT</b> a <b>household contact</b> <sup>1</sup> and a 'Negative/Not Detected' COVID-19 test result	Children can exit self-isolation following a 'not detected' COVID-19 result when they have followed all medical and public health advice and symptoms have fully or substantially resolved for 48 hours.
5	A child with signs of illness that may be COVID-19, who is waiting for a doctor to assess their illness and decide if a COVID-19 test is needed.	Your child needs to self-isolate until they have been assessed by a doctor.

6	A child who is an asymptomatic <b>household contact</b> <sup>1</sup> who has had confirmed COVID-19 infection since December 1, 2021.	Asymptomatic household contacts (regardless of vaccination status) who have recovered from COVID-19 following a positive PCR or antigen test carried out since December 1st 2021 are exempt from restricted movements and testing unless they become symptomatic. Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical for 10 days. A medical grade (surgical) mask is preferable, if it fits the child well; otherwise a well-fitting cloth mask can be worn. If they become symptomatic they should immediately self-isolate and get tested.
7	An asymptomatic child who is a <b>household contact</b> <sup>1</sup> of a confirmed COVID-19 case	<p>Asymptomatic close contacts of any age (regardless of vaccination status) who have recovered from COVID-19 following a positive PCR or antigen test carried out since December 1st 2021 are exempt from restricted movements and testing unless they become symptomatic. Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical for 10 days. A medical grade (surgical) mask is preferable, if it fits the child well; otherwise a well-fitting cloth mask can be worn. If they become symptomatic they should immediately self-isolate and get tested.</p> <ul style="list-style-type: none"> <li>Asymptomatic <b>household contacts</b><sup>1</sup> aged 0-12 years old should restrict their movements for 7 full days. Restricted movements should begin from date of last contact with positive case (if known) or if not, from date of notification as a contact.</li> <li>Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical for 10 days. A medical grade (surgical) mask is preferable, if it fits the child well; otherwise a well-fitting cloth mask can be worn.</li> <li>Asymptomatic household contacts who are aged 0-3 years are not required to undertake testing unless they develop symptoms. If symptoms develop within this age group, an RT-PCR test is required.</li> <li>Asymptomatic household close contacts aged 4-12 years old should perform three antigen tests. The first antigen test as soon as possible, the second antigen test three days later and the final antigen test on the seventh day of restricted movements.</li> <li>The antigen tests used should be those recommended on the HSE website or received directly from the HSE.</li> </ul>
8	Asymptomatic <b>household contacts</b> <sup>1</sup> of a case for whom it is not feasible to self-isolate	<p>Asymptomatic close contacts of any age (regardless of vaccination status) who have recovered from COVID-19 following a positive PCR or antigen test carried out since December 1st 2021 are exempt from restricted movements and testing unless they become symptomatic. Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical for 10 days. A medical grade (surgical) mask is preferable, if it fits the child well; otherwise a well-fitting cloth mask can be worn. If they become symptomatic they should immediately self-isolate and get tested.</p> <ul style="list-style-type: none"> <li><b>Restrict their movements for 14 full days</b></li> <li><b>Should perform 6 antigen tests over 14 days</b> (the first test should be performed as soon as possible and repeated at regular intervals with the final test performed on day 14).</li> <li>Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical during the 14-day period. A medical grade (surgical) mask is preferable, if it fits the child well; otherwise a well-fitting cloth mask can be worn.</li> <li>Asymptomatic household contacts who are aged 0-3 years are not required to undertake testing unless they develop symptoms. If symptoms develop within this age group, a PCR test is required</li> </ul>

9	A child who has symptoms of COVID-19 <b>AND</b> is a household contact	<p>Your child needs to self-isolate and be tested (the type of test may vary depending on age).</p> <p><b>If a child aged less than 3 months is symptomatic, contact your GP for advice.</b></p> <p><b>For symptomatic children aged 0-3 years and those who are medically vulnerable:</b></p> <ul style="list-style-type: none"> <li>• <a href="#">Self-isolate</a> and book a PCR test regardless of whether have had prior COVID-19 infection within 3 months. If the test is 'not detected' they should continue to self-isolate until 48 hours after their symptoms have substantially or fully resolved but as household contacts should continue the advice for asymptomatic household contacts (see Row 7).</li> <li>• Symptomatic children with an underlying condition which puts them at higher risk of severe disease or anyone who has a clinical concern will be advised to contact their GP so that they can be prioritised for PCR testing if appropriate.</li> </ul> <p><b>For symptomatic children aged 4-12 years (less than 13 years old)</b></p> <ul style="list-style-type: none"> <li>• Immediately self-isolate and undertake regular antigen tests. The first antigen test should be performed as soon as possible and two further antigen tests should be done at 24-hour intervals from the first one. A minimum of three antigen tests is recommended.</li> <li>• Any individual with a positive antigen test should regard it as confirmed COVID-19 and register it with the HSE. <b>A confirmatory PCR test is not required.</b></li> <li>• Children aged 9-12 years old should wear a well fitted mask as frequently as is reasonably practical. Although a medical grade mask (surgical mask) is preferable, a well-fitting cloth mask can be worn.</li> <li>• It is important that the symptomatic child continues to self-isolate where possible until all three antigen tests have been performed. Those with repeated 'not detected' antigen tests should continue to self-isolate until 48 hours after their symptoms have substantially or fully resolved but as household close contacts should continue to follow the advice for asymptomatic household close contacts (see Row 7).</li> <li>• Symptomatic individuals with an underlying condition which puts them at higher risk of severe disease or anyone who has a clinical concern will be advised to contact their GP so that they can be prioritised for PCR testing if appropriate</li> </ul>
10	A child with no symptoms of COVID-19 disease who has been identified as a <b>nonhousehold contact<sup>2</sup></b> of someone with COVID-19.	<p>Your child does not need to restrict movements if asymptomatic.</p> <p>If your child develops symptoms, please follow advice in row 2.</p> <p>Please see <a href="#">here</a> for further information regarding education guidance.</p>
11	A child with nasal congestion or other minor signs of illness and 'off-form', no fever of 38.0°C or higher, no cough, no difficulty breathing	<p>You should keep your child home from school or childcare for 48 hours. Monitor your child's illness for any signs of getting worse, or for any new signs of illness. If their condition does not deteriorate, and there are no new signs of illness AND your child doesn't need paracetamol or ibuprofen to feel better, your child can return to school or childcare. You should speak to your GP if symptoms worsen or if new symptoms develop.</p>
12	A child with nasal congestion, not ill, in good form, good energy and normal appetite, no fever, not requiring paracetamol, ibuprofen or any other medicine for fever	<p>Your child can go to school or creche. If their symptoms worsen, please follow advice in row 11.</p>

13	A child that has travelled to Ireland	Please see <a href="https://www.gov.ie">gov.ie</a> for the most up to date advice relating to travel <sup>3</sup> .
14	A child with signs of COVID-19 disease who should be tested but is not tested for any reason, or does not want to be tested.	Your child should be treated as if they have COVID-19 disease. Please follow the advice in Row 1. Close contacts of the individual should be managed as close contacts of a confirmed case (please see <a href="#">here</a> for further details).
15	Your child attends <b>Special Educational Needs settings</b> and is a close contact of a confirmed COVID-19 case	Children > 3 months to under 13 years of age who have not completed their primary vaccination schedule OR have <b>not had</b> confirmed COVID-19 infection in the past 3 months, regardless of symptoms, and who are in <b>Special Educational Needs settings (school or class) (SEN) or respite care</b> will be referred for a Public Health Risk Assessment and children a Public Health Risk Assessment and may be required to have one COVID-19 test (if possible) and restrict movements for 5 days if advised.
		Please see <a href="#">here</a> for further information regarding education guidance.

1. Household contacts are people living or sleeping in the same house, people in shared living spaces who share a kitchen or bathroom.
2. Contact outside of the household setting – this refers to close contact which occurred in settings such as schools, childcare facilities, sporting activities and other social events.
3. See <https://www.gov.ie/en/publication/77952-government-advice-on-international-travel/#travelling-with-children> for the most up to date advice relating to travel
